Selectmen's Meeting

SEWER FEE

Mattapoisett Selectmen discussed a sewer hook-up charge for persons who tie into the existing sewer system via pipelines laid at their own expense. It was agreed that this would be a fair way to handle the situation if it meets the legal requirements of the sewer contract. Homes in town served by the sewer system have been charged a betterment tax in order to share the cost of the pipe system. A hook-up fee for those who lay pipe at their own expense would replace the betterment tax. A fee of \$150. for a single home and \$225. for a two-family dwelling was suggested if Town Counsel Donald Fleming finds that it meets the requirements of the contract with the Federal Government.

JURORS DRAWN

Drawn for jury duty at the Brockton Criminal/Civil session, starting November 28, were: David P. Cameron, Mattakisett Road; James DeCosta, 24 Pearl Street; Wilfred Desnoyers, Jr., Acushnet Road.

THANKS FOR HOSPITAL SUPPORT

Selectmen received a letter from Union Hospital administrators to thank them for

the Board's support of that facility.
TWO OBJECTORS TO MOORING PLAN

Selectmen received a letter from Greer Ellis, 7 Hillside Avenue, objecting to the application filed by William Mansfield, Jr. with the Army Corps of Engineers for a mooring facility. Selectmen also received a copy of a letter sent to the Army Corps of Engineers from Al Pauline, Shellfish Constable, voicing his objections to the proposed mooring plan filed by Mr. Mansfield. In his letter, Mr. Pauline cites the potential damage to the shellfish beds in this area if the plan is allowed to pass.

Congregational Church Parish Hall. We are most fortunate to have Dr. David S. Good-enough, retired Chief Psychologist of the Veterans' Administration Hospital in Brockton, as our speaker. He will show a movie, "Eye of the Beholder", followed by a discussion on how we selectively see things. We shall be intrigued and enlightened as we discover that although we all think we see the truth, none of us really do, for we all see through our own eyes, and perceive through our own subjective experiences. Sounds fascinating, doesn't it? See you there.

GREAT DECISIONS has some interesting topics in their book for this season. These meetings are open to anyone interested. There will be morning and evening discussion groups. There is a charge for the book, and if you are interested in participating, call Barbara Ketchel (758-6945) after 4 p.m. before December 1.

A New Voice

Editorial, DCJ

Legislators and political leaders have long needed the lobbyist with clout representing the power of the special interest in organized form. It was only natural that they did because this was the voice that spoke with authority. The only group unheard and, therefore, without representation has been the unorganized body of Americans. Tuesday, still acting individually, they managed to speak as one. The reverberations of those mighty pencil marks are still thundering through the halls of political action. The voice of all the people has now been heard. Now we will see if the unorganized have the staying power to be heeded.

THANKSGIVING NOVENA TO ST. JUDE

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known, and cause you to be involved. Say three Our Fathers, three Hail Marys and Glories for 9 consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen. This Novena has never been known to fail. I have had my request granted. Publication promised.

Merrill Worthen, speaking for the Council, says, "The Fast knocks on every Marion door; it's an opportunity to do something about world hunger.

"Marion's Fast last year yielded more than \$1,600. That and funds from 3,000 other groups helped significantly, particularly in Cambodia. Tons of food, seeds, tools, trucks, oxen reached the starving people through Oxfam-America, the agency that led and organized more than 30 relief groups. The sufferers were enabled to become self-reliant and they had a good harvest this year. Moreover, though hunger and destitution are still critical, Cambodia now has hope."

Tabor Academy is joining the fast this year through their own effort. ORR High School may also take part.

Miriam O'Neal of the Council Fast Committee points out, "Health reasons prevent some persons from fasting. They may eat normally and simply abstain from extras - cookies perhaps."

The money saved by each person's fast may be sent or brought to: Marion Ecumenical Council, Box 545, Marion, MA. 02738; The Ecumenical Thanksgiving Service, November 26th, First Congregational Church, 7:30 p.m.

Oxfam-America says, "With your help we have proven that timely and effective assistance can not only save a people, but it can also put them back on the road to self-sufficiency."

Welcome to the Warm, Beautiful World of Hearth Mate

We still sell wood burning fireplaces and free-standing stoves.
Now we offer "Ultra-Coal", a laboratory inspected and approved
combination coal/wood fireplace and free-standing stove ...

SERIES 2400 The Ultimate Stove for Coal or Wood

SERIES 2400 ULTRACOAL

The Ultimate Stove for Coal and Wood

ULTRACOAL ... it means beauty, function and safety in a unique, affordable stove for people who want a choice in solid fuels ... plus design advantages that make it equally effective and desirable in either fireplace or free-standing use.

Coal Burning Made Simple ... Take its extra heavy coal grate and exclusive pivoting grate shaker. Add our easy-to-clean ember shelf, self-contained ash drawer, and finally coal burning is no longer a messy, hit-or-miss affair. And, ULTRACOAL can turn a single load of coal into 24 hours of heat.

COAL Burning Made Beautiful!

ULTRACOAL isn't just a beautiful stove. With its amazing, self-cleaning VYCOR® glass door, it also provides a continuous, unobstructed view of the fire.

Coal Burning Made Safe

With its rugged 1 1/4" low-carbon steel construction, ULTRACOAL has been lab tested to the tough UL standards for operation and safety, and carries Hearth Mate's 5-year warranty on materials and craftsmanship.

And More ... Air-Tight Firebox, Positive Seal Cam Latch Door Lock, Built-In Flue Damper, Generous Cooking Surface, Refractory Firebrick Liner.

Lions Club

Guest speaker at the meeting of the Mattapoisett Lions' Club this Wednesday at the Harbor Beach Restaurant will be Clarence Fountain of the Mattapoisett Industrial Development Commission. He will be sharing with the members the progress and plans of the local industrial commission. A question and answer period will follow.

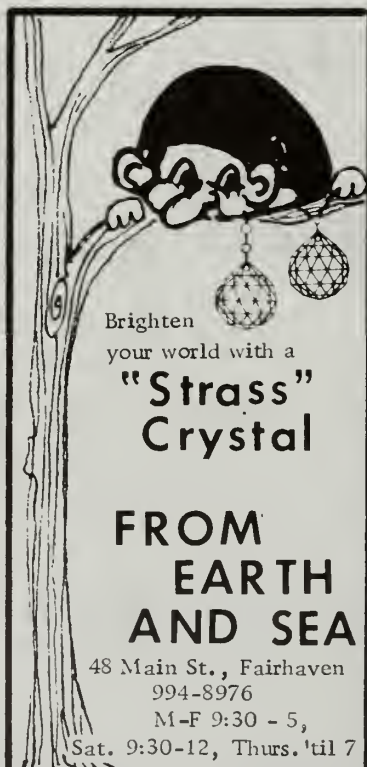

The Lions Club will also make their annual Man of the Year award at the meeting.

Prayer of The Holy Spirit

Holy Spirit, You enlighten me in every way. You eliminate all earthly paths so that all my dreams may come true. You give me the Divine quality to forgive and forget. You accompany me every step of my life. I wish in these few words to thank You and verify once more that I will never separate myself from you regardless of all the powerful and unstoppable intention to join You and all my brothers and sisters in the Perpetual Home. Thank You again.

One must recite this asking for nothing. Within three days the person will be granted the wish no matter how incredible it may seem. Publication promised. E.F.

Sturtevant and Hook to relinquish all three points to the Guaranteed Pests. John Hayes (371) repeatedly attempted to rally his mates, but ultimately sank into a state of depression and yet was able to come up with a few remarks such as, "That's O.K. Boys, wait 'till next week, we'll make Herb's T.V. pay---over on 11 and 12!" A 381 had John Cebula smiling from ear to ear as Hartley Saw Mill took the first two points from Marion Golf. Bob Smith came up one pin shy of hitting the magic 400 score for Marion Golf. Bob claims he would have been high up in the 400's were it not for his caterpillar watch fob repeatedly striking him on the thigh and ruining his follow-through several times in key points of the match. Louis McKay had to settle for a 387 and was the first to admit that it was a team effort that brought a two point win for Nanfelt's over Herb's T.V. (Louis Ouellette 337). Nanfelt's Minks now lead the league with a 18 and 6 record.

orderly system, as opposed to chaos. Even
 the ancients sensed this expressing their
 thoughts in poetry, myth, and epic long
 before the telescope revealed it.

For our purpose, "Cosmos" is the title
 of a fascinating book to be found in the
 Mattapoisett Public Library (we use the
 word fascinate in the literal sense of
 casting a spell over the reader). The book
 is written by Carl Sagan, one of the world's
 distinguished astronomers, and Professor
 of Astronomy at Cornell University. In
 easy to follow narration he takes the
 reader on a voyage through the known uni-
 verse, an exploration of the planets Mars
 and Venus, with the light of the latest
 space ships to guide, and reports on the
 latest in the search for extra-terrestrial
 life. Incidentally, he lets the reader
 know what he thinks about the improbabili-
 ty of UFO's and other pseudo-science.

"Cosmos" is also the title of a series
 of thirteen TV Programs now showing on
 Channel 2 Sunday evenings 8 - 9 p.m.
 They are conducted by the author of the
 book. Don't miss them, or the book in
 the library.

The library hours are: Monday 2-8,
 Wednesday 10-8, Friday 2-8, and Satur-
 day, 1-5.

dance. The dances will be held in the large field at the Children's Museum/Museum Outdoors and in case of rain, will be held in the Pavilion. The scouts emphasize authenticity in their costumes and dances, so please join us for an exciting educational afternoon. The program starts at 2:00 p.m., is open to all ages, and there is a small charge.

INSECTS AND SPIDERS

Insects and Spiders can be found at any time of the year in least expected places. Their unique adaptability enables them to survive all conditions of weather and to produce generations who live through the seasons and storms of each year. The field walk on Saturday, November 15th, focuses on the differences between spiders and insects, finding them and studying them and their habitats. Please join us for an educational morning walk. The walk starts at 10:00 a.m. and is open to all ages.

the New York Times has written: "A FINE YOUNG CELLIST, TECHNICALLY HE IS EXCELLENT: His rich dark-colored tone is the most immediately striking aspect of his playing."

Born in Kennebunk, Maine 26 years ago, Mr. Thomas' early studies were with Lorne Munroe and subsequently with the renowned cellist, David Soyer, of the Guarneri String Quartet. He later studied chamber music in seminars with the Budapest String Quartet.

A frequent soloist with orchestra, Mr. Thomas won first prize at an early age in the Young Artist Competitions sponsored by the Hudson Valley Philharmonic, the North Carolina Symphony and the Philadelphia Orchestra. Since then Mr. Thomas has appeared with orchestras throughout the country. He also has performed chamber music extensively, including appearances with the Chamber Music Society of Lincoln Center, the Spoleto Festival in Italy, the Aeolian Chamber Players and the San Antonio Chamber Players. In addition he has appeared in recitals and residencies in YCA/USA Series at colleges including Stanford University in California.

In New England, he has performed at the Gardner Museum in Boston, the Worcester Art Museum, the Boston Civic Orchestra and the Hartford Symphony.

In 1976 Ronald Thomas performed the World Premiere of "WOLF", a work for solo cello written for him by Michael Colgrass, in cele-

Thank You

Thank you for your vote last Tuesday, Election Day. We are sincerely grateful for your support.

Again, we especially want to thank the hundreds of you who worked with us during the campaign. Your support made all the difference.

The Greater New Bedford area has much to be proud of. We are confident that — with all of us working together — we can now continue our remarkable progress.

We pledge ourselves — in a spirit of cooperation and with high ideals — to the well-being of all the people of this area. It will be a privilege to serve as your State Senator.

Sincerely,
Biff and Marge

Youth Hockey

They're off and running! Or should we say skating? We promised you a new and exciting season! Well, if our first two weeks of official season are any indication of what is to come, exciting won't be the word for it. Let's take a look at those memorable weeks.

It all began on November 1 with our Mites Division, a very young team with only three veterans back, defeating the Fairhaven Mites 3-1. Jeff Lawrence scored two of the goals assisted by Paul Bessey for one and Scott Bodeau for the other. Scott Bodeau picked up the third goal unassisted. Jason Medeiros was in goal.

A.W. Martin Co. Squirts of Division II beat Wareham 3-0 in a very fast moving game. Kenny Martin scored two goals assisted for

one by Sean Shaw and for the other by Paul Sanford. Billy Hokanson picked up the other goal unassisted. Bryan Becotte was in net for that shut-out.

The Squirt III Division followed in a very

along River Road and I noticed the water was very low. I stopped my vehicle and began to examine the inscriptions.

Just above the keystone is an inscription of 1854. To the left is another inscription with the words W.R. Holmes, Jr. and immediately beneath it is some Roman Numerals which I could not decipher.

Further, according to Manny Nunes, the highway surveyor, the bridge was made by Marsh Howes (Marshall Howes) who lived in town.

The cement guardrail on the south side was made under the highway surveyor John Kinney with the cement work done by Manny Nunes, Jr. and M. Nunes, Sr. The guardrail on the north side was done under Thomas Davis - highway sur-

veyor with the actual boulder work done by Manuel R. Nunes, Senior, Antone Perry of Mechanic Street, and Antone DeCosta, Sr. of Park Street, who was the grandfather of the present Selectman, John DeCosta.

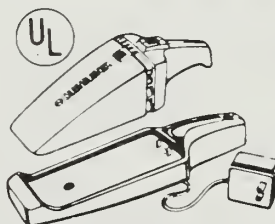

Just a tidbit of Mattapoisett history.

It was the first regional meeting for the veterans, widows and the children of this year old national organization. Mrs. Wanda Kelly, founder, sent a message:

"In August 1979 my late husband, Orville E. Kelly, and I founded the National Association of Atomic Veterans. . . . Our primary mission is to assist Atomic Veterans and widows as they continue to seek compensation for radiation exposure. The compensation they seek has been granted for many years to veterans and their widows who have been injured or killed through conventional warfare. Although our claims are difficult to prove because we cannot feel, touch, hear, see or smell radiation, it is more deadly than bullets or shrapnel."

Those who attended represented the survivors of the "Manhattan Project", members of the "clean-up" of Nagasaki and Hiroshima, Pacific weapons tests and Nevada testing, through the last nuclear atmospheric test in 1962. Joseph Pots of the Physicians for Responsibility spoke to them of the lack of information given to American doctors about the effects of Radiation. Ms. Ina Glazer and Gerald Soucy of the Nurses Environmental Health Watch spoke of the need of medical records and historical data, as well as genetic counseling.

spoke of the need for all of the members to speak up and make public the plight of Atomic Veterans. You are "America's Love Canal"; the Japanese had medical assistance, the people of the Marshall Islands are being given both medical assistance and compensation. Congress has proposed assistance to be given to the people who were down-wind of the testing in America and to the sheep loss. But what about the Atomic Veteran? Free Lung Testing

With today's pollution, chronic lung disease is growing rapidly in this country. Cigarette smokers and city residents are particularly susceptible. Without realizing it, you could be in the early stages of emphysema or chronic bronchitis.

Union Hospital is offering free Pulmonary Function Testing on November 13 from 7 to 9 p.m. in the Hospital's Conference Room. This simple screening test takes only a few minutes and could alert you and your physician to a functional breathing problem which could be easily corrected while still in the early stages.

The test consists of breathing into a measuring device which records the total inhalation and exhalation capacity of your lungs. It will pick up restrictions in your breathing which could be a harbinger of lung disease.

The results of the test will be evaluated by Rahim Aghai, M.D., Medical Director of Union Hospital's Respiratory Care Department. Dr. Aghai will later notify those tested of the results and whether or not they should have further testing or consult their personal physicians.

STUDENTS PARTICIPATE IN CAREER AWARENESS FIELD TRIP

Students from Old Hammondtown School in Mattapoisett participated in a career awareness field trip to S.E.A. (Southeastern Advertising Agency). The trip was arranged by Mrs. Thayer, the art teacher, and Miss McQuillan, the 5th grade Lift Program teacher.

Kristina Kurgan, John Kilgour, and Alicia Potter were chosen to attend because of their interest and ability in art. S.E.A. owner, John Kurgan, talked to the students about the operational process in his advertising business. The students then learned from direct observation all phases from layout to editing and were able to witness artists and machinery at work.

This visit to S.E.A. was an excellent chance for these students to consider their future and the many opportunities available to them in the advertising field.

Academy Nominations

Congressman Gerry E. Studds, D-Mass., has announced that November 15 is the deadline for all 12th District students to apply for admittance to the Air Force, Military, Naval and Merchant Marine Academies for the academic year beginning in 1981.

"The six member committee will recommend to me the most qualified applicants from the 12th District and I will forward those recommendations to the selection boards of the respective academies as my nominees."

Anyone interested in being considered for the 1981 term should write to Congressman Studds, 1501 Longworth House Office Building, Washington, D.C. 20515.

- SAVE WATER -

CUT WATER HEATING COSTS UP TO 50%!

WITH A SUPER **Saver** CONSERVATION KIT

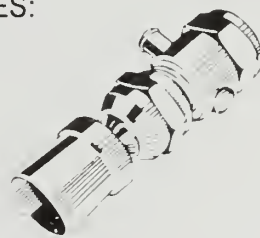

EASY AS
1-2-3

Three valuable energy conservation devices you can install yourself. They will help you conserve water and spend less on water heating and water bills. A one-time investment that will pay big dividends year after year.

EACH **Saver** CONSERVATION KIT INCLUDES:

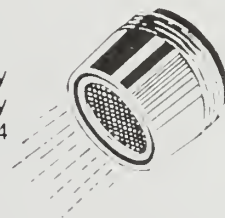

1

THE SAVER SHOWER - Conventional shower heads consume between 6 and 10 gallons per minute -- mostly *hot* water. The Saver Shower Head uses only 2½ gallons per minute, yet delivers a forceful, skin-tingling shower ... can cut your hot water heating costs in half.

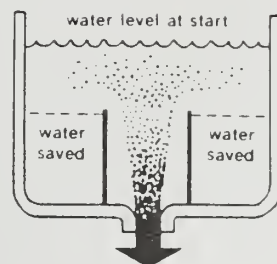

2

THE SAVER AERATOR - Fits any sink or lavatory faucet and saves 40% to 50% of the water presently used. There is no need to waste water at the rate of 4 to 5 gallons per minute for rinsing purposes.

3

THE SAVER FLUSH DAM - Installed in your toilet tank, this flexible partition holds back the water in the lower part of the tank, saving 1½ gallons per flush *without reducing the force*. Also reduces tank sweating.

THE SAVER CONSERVATION KIT ONLY **\$16.95**

(Above items also available separately)
